

**UNITED STATES BANKRUPTCY COURT  
DISTRICT OF NEBRASKA**

**STATISTICS REGARDING MEDIATION**

The court needs to keep accurate statistics concerning cases that are settled or dismissed as a result of mediation, or are settled or dismissed not directly as a result of mediation, but were the subject of mediation at some time during the case.

Therefore, when an adversary proceeding is settled or dismissed, counsel are requested to include in the motion for dismissal or motion to approve a stipulation, a statement concerning the mediation or the lack thereof. We also ask counsel to include the name of the mediator, if applicable.
